

Strait4Devils

The main passion behind this epic record attempt is to help raise money to ensure the existence and protection of a truly **iconic Tasmanian creature** so that our children can continue to enjoy it's wonder and for those generations to come.

The crew **Adrian Beswick & Josh Phillips**

We are privileged to inform you about an exciting new project **Strait4Devils**  This will see our team of two sailors attempt a world record breaking crossing of Bass Strait, to raise money for the Tasmanian Devil Appeal. We are going to make the first ever crossing of Bass Strait in a B14 high performance 14 foot skiff, with all the proceeds directed IN FULL towards scientific research and management programs for the Devil across the globe.
